SOUTHERN DISTRICT OF FLORIDA**

CASE NO. _____

INGO KUMBRINK, an individual,

Plaintiff,

v.

THE HYGENIC CORPORATION,

Defendant.

_____ /

COMPLAINT

Plaintiff, INGO KUMBRINK (“Plaintiff”), hereby files his Complaint against THE HYGENIC CORPORATION (“Defendant”), and alleges as follows:

PARTIES, JURISDICTION AND VENUE

1. This is a classic case of willful trademark infringement based on Defendant’s unauthorized use of Plaintiff’s K-TAPE and K-TAPING trademarks. This Complaint alleges in four counts that Defendant committed: (1) infringement of Plaintiff’s trademarks in connection with the K-TAPE and K-TAPING trademarks, in violation of §43(a)(1)(A) of the Lanham Act; (2) dilution under of Fla. Stat. §495.151; (3) trademark infringement in violation of the common law of Florida, and (4) unfair and deceptive trade practices in violation of Fla. Stat. §501 .204.

2. Plaintiff is an individual and citizen of Germany.

3. Defendant is a Delaware corporation with its principal place of business located in Akron, Ohio.

4. This Court has personal jurisdiction over Defendant because Defendant has continuous and systematic contacts with the State of Florida. Such contacts include, but are not limited to, Defendant’s conduct in selling, offering for sale, advertising and promoting its rubber,

elastic and synthetic products for use in physical therapy, athletic training, and the medical field, to customers located in Florida.

5. This Court has Federal subject matter jurisdiction over this matter pursuant to 28 U.S.C. §§ 1331 and 1338(a) and (b), by virtue of 15 U.S.C. §1051 *et seq.*, in that the case arises out of § 43(a) of the Lanham Act for trademark infringement.

6. Venue is proper, under 28 U.S.C. §1391 because on information and belief, a substantial part of the actions or omissions giving rise to the claim occurred in the Southern District of Florida.

GENERAL ALLEGATIONS COMMON TO ALL CLAIMS

7. Plaintiff is the owner of U.S. Trademark Registration No. 4,072,336 for the mark K-TAPE (“the 336 registration”) and U.S. Trademark Registration No. 3,949,702 for the mark K-TAPING (“the 702 registration”). Attached hereto as *Exhibit A* is a copy of the ‘336 and ‘702 registrations. Plaintiff has used the K-TAPE and K-TAPING marks to sell his products in the U.S. since 2008.

8. K-TAPE is a trademark for a brand of Kinesiology Therapeutic Tape (“Kinesiology Tape”), an elastic sports tape designed to provide pain relief and support for muscles, joints, and tendon-related aches and pains. It is lightweight, comfortable to wear, and provides targeted pain relief which has made it the go-to solution for professional athletes and Olympians as well as millions of everyday athletes.

9. Multiple versions of Kinesiology Tape exist on the worldwide market. However, none of them use the trademarks K-TAPE or K-TAPING other than Plaintiff’s products.

10. As part of his business operations, Plaintiff has exclusively marketed and sold his products using the K-TAPE and K-TAPING trademarks which have been in active use since 2008.

11. Due to Plaintiff's exclusive use of the trademarks K-TAPE and K-TAPING, the marks have become widely recognized by consumers in connection with Plaintiff's products.

12. Plaintiff has spent a significant amount financially to market his goods and services under the K-TAPE and K-TAPING marks.

13. Defendant is known for its rubber sheeting and tubing products. It has a division called Thera-Band, through which it markets and sells resistive exercise and therapy products.

14. Defendant has not yet developed a well-known brand for Kinesiology Tape.

15. Defendant has filed a Petition for Cancellation before the Trademark Trial and Appeal Board to cancel Plaintiff's 702 registration for K-TAPING, through which Defendant admits the unauthorized use of K-TAPE and K-TAPING trademarks. The Cancellation proceeding is pending. Attached hereto as *Exhibit B* is a copy of the Petition for Cancellation No. 92060729.

16. In the Petition for Cancellation, Defendant alleges its Kinesiology Tape product was released on January 1, 2015. (Exhibit B).

17. Defendant knew or should have known, prior to the development, branding and release of its product that Plaintiff had registered trademarks for K-TAPE and K-TAPING.

18. Nevertheless, Defendant intentionally proceeded to develop and brand its product with the infringing marks, apparently believing it is better to ask forgiveness later than to seek permission first.

19. Defendant alleges that it “needs” to use K-TAPE and K-TAPING marks without restriction, in order to be competitive, to sell its kinesiology tape products under its THERABAND mark. (Exhibit B).

20. Defendant’s use of the marks is likely to cause confusion, mistake or deception as to the affiliation, connection or association between Plaintiff and Defendant. Alternatively, Defendant’s use of the K-TAPE and K-TAPING marks is likely to mislead consumers into believing that Defendant’s product is somehow sponsored by, endorsed by, or approved by Plaintiff, or that Defendant and Plaintiff are affiliated.

21. All conditions precedent to bringing this action have occurred or been waived.

22. Plaintiff has retained undersigned counsel in this matter and is obligated to pay said counsel a reasonable fee for its services.

<div>The Hygenic Corporation, <div>Petitioner, v. INGO KUMBRINK (an Individual) Respondent.</div></div>	<div>Cancellation No. Registration No.: 3949702 Mark: K-TAPING</div>
---	---

PETITION FOR CANCELLATION

The Hygenic Corporation, a corporation organized under the laws of Delaware, located and doing business in Akron, Ohio (“Petitioner”), believes that it is or will be damaged by Registration No. 3949702, issued on the Principal Register on April 26, 2011 to Ingo Kumbrink, an individual (“Respondent”) for the mark K-TAPING. Petitioner hereby petitions for a cancellation of said registration pursuant to Section 18 of the Trademark Act, 15 U.S.C. § 1068.

As grounds for this petition, Petitioner alleges:

1. Ingo Kumbrink, an individual (“Kumbrink”) filed Application Serial No. 77625546 with the U.S. Patent and Trademark Office (“USPTO”) for the mark K-TAPING in connection with “Physiotherapeutic treatment services by means of taping; physiotherapeutic, veterinary and medical services and treatments utilizing therapeutic taping; chiropractor services; providing in person holistic health care services; convalescent homes; medical clinics; hospitals; nursing services; massages; sanatoriums; veterinary services; physical rehabilitation services, especially correction techniques, physical therapies and therapies connected therewith for muscle support, prevention of over-usage, movement therapy, circulatory system rehabilitation, muscle rehabilitation, healing and prevention of injuries and

additional injuries; medical, hygienic and beauty care treatment for humans and animals” in International Class 44, on December 3, 2008.

2. Upon information and belief, Respondent is the current owner of record of the Application.

3. Petitioner is a leading developer, manufacturer, and seller of products in the physical therapy, chiropractic, massage therapy, athletic training, and sports medicine fields.

4. Petitioner has made substantial preparations and invested substantial resources in developing a new and improved type of kinesiology tape.

5. Kinesiology tape is a permeable, flexible adhesive tape applied to users’ skin in order to reduce pain, optimize performance, prevent injury, and promote healing. It was first developed in the mid-1970s and, since then, has become a popular tool in the physical therapy, chiropractic, massage therapy, athletic training, and sports medicine fields.

6. Practitioners and their patients have come to abbreviate “kinesiology tape” to “k tape.”

7. Petitioner’s THERABAND™ kinesiology tape was released on January 1, 2015 and has already received orders from customers.

8. In order to be competitive, Petitioner needs to be able to use, without restriction, the abbreviations “k tape” and “k taping” in connection with the sale of its kinesiology tape to practitioners and customers and educational efforts in connection therewith.

COUNT I – MERELY DESCRIPTIVE/GENERIC

9. Upon information and belief, Respondent’s K-TAPING mark is or has become merely descriptive and/or generic for the type of services with which the mark is used.

10. Upon information and belief, purchasers refer to the type of tape used to perform the services offered under the K-TAPING mark as “kinesiology tape,” and utilize the

abbreviation “k tape” to refer to the tape and “k taping” to refer to the application of the tape.

12. Upon information and belief, a relevant consumer viewing “K-TAPING” in connection with Respondent’s goods and educational efforts therewith will recognize it as an abbreviation for “kinesiology taping.”

13. Petitioner believes that it is being and will continue to be damaged by the continued registration of Registration No. 3949702 and requests that said registration be cancelled.

COUNT II – FRAUD

14. Petitioner incorporates the allegations contained in ¶¶1-13 as if fully restated herein.

15. Pursuant to the Lanham Act, 15 U.S.C. § 1051(b), Respondent declared “no other person, firm, corporation, or association has the right to use the mark in commerce, either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods/services of such other person, to cause confusion, or to cause mistake, or to deceive” via the filing of the application that ultimately matured into Registration No. 3949702.

16. Upon information and belief, Respondent knew or should have known that practitioners and patients referred to the tape used to perform the services listed in its registration as “kinesiology tape.”

17. Upon information and belief, Respondent knew or should have known that practitioners and patients referred to “kinesiology tape” generically as “k tape” and the application thereof as “k taping.”

18. Upon information and belief, the examiner who addressed the application that resulted in Registration No. 3949702 would have found material the fact that the tape

identified in the application is generically referred to as “kinesiology tape” and that practitioners and patients refer to “kinesiology tape” as “k tape” and the application thereof as “k taping.”

19. Upon information and belief, Respondent had knowledge of the falsity of the declaration regarding its right to exclusively use “k taping” in connection with kinesiology tape.

20. Upon information and belief, Respondent crafted its identification of services and failed to disclose that “k taping” stood for the application of “kinesiology tape” with the intent to deceive the USPTO.

21. Upon information and belief, Respondent made the declaration regarding its exclusive right to use the K-TAPING mark with reckless disregard for the truth or falsity of the facts asserted therein.

22. Petitioner believes that it is being and will continue to be damaged by the continued registration of Registration No. 3949702 and requests that said registration be cancelled in its entirety.

Petitioner hereby appoints Christina J. Moser, member of the law firm of Baker & Hostetler LLP and member of the Bars of the State of Ohio and State of California, to prosecute this cancellation proceeding and transaction all business in and before the USPTO in connection therewith.
